

PE AND SPORT PREMIUM 2019 – 2020

Sport Premium funding comes directly into school and is based on the number of primary aged children between the ages of 5 and 11. Schools are free to pool resources to ensure the greatest impact.

Sports Premium is focused on improving the quality and breadth of PE and sporting provision for all pupils. The proposal includes recommendations to develop initial teacher training and continual professional development to make a sustained impact on the quality of physical education. A priority must be to develop the teaching skills of non-specialist teachers to create dynamic and enjoyable experiences for children.

Number of Eligible Pupils	362
Total Allocation	£19,640

The Governors agree that the money must be used so that: all children benefit regardless of sporting ability; that the most able children are given the opportunity to compete in advanced tournaments; that staff have access to training opportunities and continued professional development; swimming is expanded in order to provide a comprehensive and high-quality service for more pupils.

The information below shows how we spent the sports funding during 2018-2019.

At St Catherine's we have split up the funding by the three key areas for consideration; Physical Education, Healthy Active Lifestyles and Competitive Sport. We have decided to spend the Sport Premium Grant on the following:

We have a highly successful lunchtime provision which is enhanced by the recruitment of these young Y5 sport leaders, who are trained by our PE Curriculum Specialists, to provide additional sporting opportunities for all pupils.
Health initiatives/programmes throughout the year	All	Participation in Sports Relief to participate in sport for a wider cause, and have an impact on our community.
Sports Gym on the school yard	All	A recent addition to our school grounds, to encourage active lifestyles. Timetabled for all children.
Targeted groups in school	Specific Groups	<p>We currently target SEND pupils to receive additional skills based provision, to develop their gross motor skills. Competitive School Sport: Increasing pupils' participation in extra-curricular sport		
Resource	Impact Group	Intended Outcomes
Participation in Local Sports Events/Competitions	All	To increase competitive sport opportunities for children.
Development of local level competition where possible		School actively links with local schools where possible to support competition. Our PE Curriculum Specialists will lead on this across our locality.
Extra-curricular activities	All	All children have the opportunity to take part in a range of extra-curricular activities during and outside of school time to encourage active lifestyles. Our curriculum specialists deliver these sessions.

Future Plans

We continually evaluate the impact of how we have used our Sport Premium allocation. If the impact is positive, we continue to use the money to improve the quality of provision.

For 2020-2021, we plan to continue to use the Sports Premium to further excellence in swimming and sport. We have carried forward some funding that was unspent this year, and this will further enhance the offer in place when COVID-19 restrictions are lifted.

Summary

The governors and leadership team of St Catherine's School will continue to review the impact of the Sport Premium Grant annually to ensure the most effective use of expenditure in order to deliver our stated objectives. We are committed to ensuring that all pupils, including our disadvantaged pupils, have the necessary provision and resources to succeed in attaining at least as well as other children by the time they leave the school.
